THE GLOBE.

THE OFFICIAL PAPER OF CONGRESS.

I PUBLISH now my annual Prospectus of the Daily Globe, and the Congressional Globe and Appendix, to remind subscribers, and inform those who may desire to subscribe, that Congress will meet on the first Monday of next December, when I shall recommence publishing the above-named papers. They have been published so long, that most public men know their character, and therefore I deem it needless to give a minute account of the kind of matter they will contain.

The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters equal, at least, to any corps of short-hand writers in this, or in any other county. A majority of them will, each, be able to report, verbatim, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not make more than forty-five columns, they will appear in the Daily Globe of the next morning, which will contain, also, the news of the day, together with such editorial articles as may be suggested by passing events.

The Congressional Globe and Appendix will contain a report of all the Debates in Congress, revised by the speakers, the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Departments, the Laws passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quoto size, each number containing sixteen pages. The whole will make, it is believed, between 5,800 and 6,000 pages, the long sessions for many years past having ranged between those numbers, and the next session will be a long one. This I believe is the cheapest work ever sold in any country, whether a reprint, or printed from manuscript copy, taking for data the average number of words of the long sessions since the year 1848. The average number of pages is 3,876, and the average number of words on a page is 2,397, consequently the average number of words of a long session is 9,290,772. As I have sold to subscribers that number of words for *six dollars*, it follows that they paid less than six and one half cens for every 100,00 words I have furnished them, while I have paid my reporters $6 29 for every 2,397 words, of this work, in manuscript.

The coming session will, without doubt, be an unusually interesting one, because the candidates of the respective parties for President and Vice President of the United States will be nominated before it closes, and, therefore, the debates will be mostly on such political questions as, it may be thought, will tend to influence public opinion in regard to the persons to be supported for these offices, and the Globe will be, as has been for many years past, the only source from which the full debates of Congress can be obtained.

The Congressional Globe and Appendix pass free through the mails of the United States, as will be seen by reading the following Joint Resolution passed by Congress the 6th of August, 1852:

Joint Resolution providing for the distribution of the Laws of Congress and the Debates thereon.

With a view to the cheap circulation of the laws of Congress and the debates contributing to the true interpretation thereof, and to make free the communication between the representative and constituent bodies:

Be it resolved by the Senate and House of Representatives of the United States of America in Congress Assembled, That from and after the present session of Congress, the Congreesional Globe and Appendix, which contain the laws and debates theseon, shall pass free through the mails so long as the same shall be published by order of Congress; Provided, That nothing herein shall be constructed to authorize the circulation of the Daily Globe free postage.

TERMS:

For a copy of the Daily Globe, during the Session, $5 00
For one copy of the Congeessional Globe and Appendix, during the session $6 00
For two copies ditto, when ordered at the same time $10 00

No attention will be paid to any order unless the money accompany it.

Bank notes, current in the section of the country where a subscriber resides, will be received at par. The whole or any part of the subscription may be remitted in postage stamps, which is preferable to any currency, except gold or silver.

I cannot afford to exchange with all the newspapers that desire the Globe; but I will send the Daily Globe during the session to the editors of those papers who publish this Prospectus three times before the first Monday of next december, and send to me one number of their paper containing it, marked with a pen to direct my attention to it.

SCOTTISH AMMRICAN JOURNAL

SECOND VOLUME,

3th November, 1858.

IN announcing a new volume of the SCOTTISH AMERICAN JOURNAL, the Proprietor begs to call attention to those features of the paper which have already secured for it a large share of support, and which ought to commend it to the patronage of a still more numerous class of readers.

The special feature of the paper is that it is a SCOTTISH journal containing notices of every event occurring in Scotland that can be regarded as of the least interest to natives of the country now residing on this continent. The news of the whole country is carefully collected and condensed, so that no event which it concerns Scotchmen to know is ever omitted from the columns of the paper. Articles relating to Scottish subjects, original and selected, are also published from time to time and the more special character of the Journal is sustained by literary features of national interest in the form of tales, historical and miscellaneous sketches anecdotes and poetry.

While thus national in its character so far, these special features occupy comparatively limited space in the eight large pages of which the paper consists, three-fourths of which are devoted to news and other general matter calculated to be of interest to all classes of readers, and not to Scotchmen alone. A carefully compiled epitome of intelligence from England, Ireland the continent of Europe, and all parts of the world is given in every number, with extracts from the leading articles of the British Journals on the most interesting public topics of the day.

With a view to increase the popular interest of the "Scottish American Journal," and to add to its value as a family paper arrangements have been made for a series of attractive tales founded chiefly on subjects connected with Scottish life. The first of these stories, entitled "Clara Howard; a tale of the Crimean War," commences with the first number of the new volume. A considerable instalment of the story will be given in every number till it is completed, and will form interesting reading for the winter evenings alike for old and young. It will be followed by a succession of other tales of equally popular character.

THE DAILY PRESS.

On or about the first day of January, 1860, I shall commence the publication of a paper, in the city of Raleigh, to be called "THE DAILY PRESS," which I propose to continue until the close of the present session of Congress; and if, at the expiration of that time, I receive sufficient encouragement, I shall make it a permanent paper.

The necessity for such a paper in this city, is apparent to every one. The exciting times demand that our citizens should be informed daily of the transpiring of events abroad, and there is no mode of doing this, but by issuing a daily paper, containing telegraphic dispatches of the latest news, up to the moment of going to press.

I am now endeavoring to consummate arrangements with the Telegraphic Company by which I may get a report of each day's proceedings of Congress, the foreign news, and market reports, twenty-four hours in advance of the mails. To do this will incur a heavy outlay on my part, which I expect to realize, however, from the citizens of Raleigh, Fayetteville, Hillsboro,' Franklinton, Henderson, Warrenton, Goldsboro,' Greensboro', and of the various post-offices along the lines of the Railroads.

It would be a shame if the city of Raleigh, alone, did not amply support of a Daily, and I most earnestly appeal to the citizens to come forward promptly and energetically and do it. I do not expect to make money by the porject; nor do I wish to lose money. All I ask, is a sufficient patronage to enable me to pay for my telegraphic reports.

I ought to, and must have one hundred and fifty names in Raleigh, and a large list at all the places named above.

TERMS:

For one year, - - - $6 00
" six months, - - - 3 00

Payable on delivery of first number.

☞ One hundred and fifty names will secure the publication of the "DAILY PRESS,"

All that I now ask of my friends is, that they will send me their names immediately [without the money] so that I can determine by the first of January what I shall do. The money is not expected until the appearance of the first number.

R. H. WHITAKER, Editor.

Raleigh, Dec. 25, 1859.

☞ Everybody is respectfully requested to act as agents sending names to the Daily Press.

THE WILSON SCHOOLS,

FOR YOUNG LADIES AND GENTLEMEN.

BY MR. & MRS. RICHARDSON,

Aided by a full Corps of Assistant Teachers.

THE EXERCISES OF THE ENSUING Scholastic Year will be resumed on Tuesday, the first day of September. Applicants examined for admission and classification on Thursday and Friday, when all should be present who contemplate pursuing a Regular Course of Steady. A Gymnastic department will be added to the Male School the coming session, the object of which is to supply the great universal need of all instructions of Learning—namely, Regular Physical Training. Among the numerous exercises of this Department, designed to please as well as to benefit, are the small and broad sword exercises, infantry drill, upright and parallel bars, &c., &c. Mr. E. Prentiss Tucke, who will become associated with the Schools as Professor of Mathematics. Practical Surveying and Civil Engineering, will superintend this department. He will also give instruction in the use of the Compass, Transit, Theodolite, and Level; also in plotting Surveys, Profile making, and the estimate of earth work and Masonary. A Calisthentic Department will also be added to the Seminary, to correspond with the Gymnasium. It is designed by the friends of these Institutions to lay the foundation of a Polytechnick School for young Gentlemen, and to establish beyond contingency, a school for Young Ladies, in which, after the completion of a Regular course in our own or in other Institutions, they can be taught the Fine Arts as a speciality. To this end vigorous plans are in operation, and Buildings are in process of erection, which in all their arrangements, furnishings and appointments, are to be of the first order, and especially designed for their purpose. The Male and Female Departments are separate. Sectarianism theoretically and practically excluded. For the plan of the Schools in full, address at Wilson, N. C.

DR. JOHNSTON.

THE founder of this Celebrated Institution offers the most Certain, Speedy, and only effectual remedy, in the world for Gleets, Strictures, Seminal weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitations of the Heart, Dyspepsia, Nervous Irritability, Disease of the Head, Throat, Nose or Skin; and all those serious and melancholy Disorders arising from all those Destructive habits of youth which destroy body and mind. These secret and solitary practices more fatal to their victims than the song of the Syrens to the Mariners Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible

Young Men

especially, who have become the victims of Solitary Vice, that deadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with all confidence.

Marriage.

Married Persons, or, Young Men contemplating marriage, being aware of Physical weakness, Organic Debility, Deformities, &c., should immediately consult Dr. J., and be restored to perfect health.

He who places himself under the care of Dr. Jhonston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician

Organic Weakness

immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.—Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.—Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to the body and mind arise.—The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

Nervous Debility.

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the truth is, they have been caused by indulging in pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to society.

OFFICE No. 7 SOUTH FREDRICK ST.,

☞ Be particular in observing the name and number, or you will mistake the place.

☞ Take notice, observe the name on the door and windows. *A Cure warranted, or no Charge Made, in from One to Two Days.*

NO MERCURY OR NAUSEOUS DRUG USED.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elswhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with deranagement of mind, were cured immediately.

A Certain Disease.

When the misguided and imprudent votary of pleasure finds he has exhibited the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the unconstitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till as last the palace of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnston pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact, that thousands fall victims to this dreadful poison, mercury, ruin the constitution and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life miserable.

Take Particular Notice.

Dr. J addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irratability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated have a singular appearance about the eyes, cough and symptoms of consumption.

Dr. Johnson's Invigorating Remedy for Organic Weakness.

By this great and important remedy, weakness of the organs are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness or exhaustion of the most fearful kind speedily cured Dr. Johnson

Young Men.

Who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which, are sadly felt, even when asleep, and if not cured, renders impossible, and destroys both mind and body should apply immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons before contemplating

Marriage

should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another, becomes blighted with our own.

N. B.—There are so many ignorant and worthless Quacks advertising themselves as Physicians, ruining the health of the already afflicted, that Dr. Johnston deems it necessary to say, especially to those unacquainted with his reputation, that his credentials or diplomas always hang in his office.

ENDORSEMENT OF THE PRESS

The many thousands cured at this institution within the last fifteen years, and the numerous important Surgical Operations performed by Dr. Johnston witnessed by the reporters of the papers and many other persons, notices of which have appeared again and again before public, besides his standing as a gentleman of character and responsibility, is sufficient guarantee to the afflicted.

MISCELLANEOUS

AMERICAN AND FOREIGN Stereoscopic Emporium.

E. ANTHONY,

308 Broadway, N. Y.

After May 1st, 1860, at 501 BROADWAY, two doors from the St. Nicholas Hotel.

The Stereoscope is the most instructive, interesting, entertaining amusing, and exciting of modern inventions.

None are too young, none too old, none too intelligent, none too uneducated, to acknowledge its worth and its duty.

No home is complete without it, and it must and will pervade every where.

It presents to your view every part of the world, in all the relief, boldness, perspective, and sharpness of detail, as if you were on the spot.

Photographers are everywhere exploring Europe, Asia, Africa, America, in search of the grand and the beautiful, and the results of their skill are constantly enriching our stock.

We have an immense variety of paper Views of Scenes in Paris, London, England, Scotland, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Fontainebleau, Tuileries, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groups Historical amusing, marriage scenes, breakfast scenes, pic-nics, statuary, &c., &c. An exquisite assortment of Illuminated Interiors of Palaces, Churches and Cathedrals of France, Italy, &c., &c. The effect of these illuminated views is most remarkable.

Every Gentleman of Wealth and Refined taste should have in his drawing room some of our exquisite views on glass with a revolving Stereoscope, showing 12, 25, 50 or 100 scenes, Nothing can be more fascinating, and one can offer no greater treat to a friend fond of the picturesque and the beautiful.

Anthony's Instantaneous Stereoscope Views are the latest Photographic wonder. They are taken in the fortieth part of a second, and everything no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been perfectly at rest. This gives an additional value, for to the beauties of inanimate nature it adds the charm of life and motion. The process is a discovery of our own, and being unknown in Europe, we receive from London and Paris large orders for Anthony's Instantaneous Views of American life and scenery.

Among other things we have just published Stereoscopic Illustrations of the scene of the FULTON STREET PRAYER MEETINGS, in which many hearts feel an interest. The particulars of this will be found in our catalogues.

Our Catalogue of subjects and prices will be forwarded to any address on receipt of a stamp.

Parties at a distance sending us $3, $5, $10, $15, $20, or $25 can have a good instrument and such pictures as they may request, sent by express.

Views alone, (without instrument) can be sent by mail.

Parties who wish to be advised of everything really valuable in the line that comes out, may send us their names to place on record, and we will keep them posted at our own expense.

Men of leisure will find Photography a most fascinating and delightful amusement. We are prepared to fit out amateurs with everything necessary for their success together with instructions "How to take Stereoscopic Pictures."

GRAND RALLY

OF THE

DEMOCRATIC PARTY!!

RALLY!! RALLY!!! RALLY!!!

The Democratic *masses* will make their first appearance in the field, on the 22d inst., in Fayetteville. The Democratic Dist. Convention will then be held. Also, A GREAT MASS MEETING of the party. GOV. ELLIS, EDWARD GRAHAM HAYWOOD, W. W. HOLDEN, of Raleigh, and JAS. FULTON, of Wilmington, are invited and will doubtless be present. A number of other distinguished gentlemen will address the *masses*.

PRESS.

We were pleased to meet with a number of our brethren at Raleigh, last week, all hale, sound and hearty, and ready for the battle, they all look bright and cheerful, in hopes of brisk contest, and determined upon a grorious victory. The following were present: Farther Loring, of the Tribune, W. W. Holden, of the Standard, Fulton, of the Journal, Yates, of the Democrat, Whitaker, of the Press, Spelman, of the Banner, Walsh, of the Warrenton News, Foy, of the Ledger, Smith, of the Mercury, Foster, of the Murfreesboro Citizen, and Tumbro, of the Newbern Enquirer.

We had, also a chat with friend Syme of the Register, who, we think is getting a little alarmed, but intends to keep a stiff upper lip under all circumstances.

RIVER NAVIGATION.—The John Horton passed safely through the locks to Deep River, on Monday last, having in tow two lighters. We learn that she met with no obstacle on her way. She is expected to return soon with a cargo of coal.

HARNETT.—The Democracy of Harnett are jubilant over the result and action of our State Convention. They hold a ratification meeting this week, being their County Court.

OUR SECTION.—Whilst at Raleigh, we could not help remarking that this section of the State, in her back woods wilderness, could produce such able men as were present in that assembly. We speak of such men as W L Steele, and W F Leak, of Richmond, Col. John Morrison, of Moore, and R S French of Lumberton; men who are a credit to the State, and better still—staunch democrats.

DROWNED.—George C. Mendenhall, of Guilford County, was drowned on Thursday of last week, in the Uwarrie. He was returning from Court and attempted to ford the river, not knowing its depth, and horse and man were hurried in the water.

DEMOCRATIC CONVENTION.

[CONCLUDED.]

The following resolutions were then presented and read by Hon. W. W. Avery, Chairman of the committee.

1. Resolved, That we cordially approve and reaffirm the resolutions of the Democratic National Convention which assembled at Cincinnati in June, 1856.

2. Resolved, That neither Congress nor a Territorial Legislature, whether by direct legislation, or legislation of an indirect and unfriendly character, possesses the power to annual or impair the constitutional rights of any citizen of the United States to take his slave property into the common Territories and there hold and enjoy the same while the territorial condition remains.

3. Resolved, That we regard the distrubtion of the public lands or their proceeds, the enactment of homestead bills, or any other mode of disposing of the public domain, without equivalent, as unconstitutional, anti-democratic, and impolitic.

4. Resolved, That the threatening aspect of our national affairs, owing to the rise of a sectional and fanatical party at the North, jeopardizing not only the rights and interests of the South, but the perpetuity of the Constitution and the Union, demands that all national men in every section should stand together as a unit in opposition to the aggressive and unprincipled organization known as the black Republican party.

5. Resolved, That the only hope of securing the requisite unity of action in defence of constitutional rights depends upon the sucess of the Democratic party, and that all organizations in this State or elsewhere, with the view of impairing that unity, or casting imputation upon the great conservative party of the country, is calculated to give aid and comfort to the enemies of the Constitution, and thereby gravely imperil the very existence of the government itself.

6. *Resolved*, That while we make no threat, and throw out no menace, we solemnly declare that the people of this State will resist agression upon their Constitutional rights whenever the emergency arises.

7. *Resolved*, That the recent invasion of the soil of our sister State of Virginia, by a band of armed traitors, was the legitimate result of the principles and teachings of the black Republican party, and the triumph of that party would be followed by continued bloody raids of like character upon all the border Southern States; that such colisions, even if unattended by the present exasperating causes of alienation, would alone destroy that fraternal feeling between the sections, without which the Union cannot endure.

8. *Resolved*, That the course of our Democratic Representatives in the present Congress of the United States meets with our warmest approval, and that ths manly and patriotic action of those national Democrats from the non-slaveholding States who have so nobly co operated and continue to co-operate with them, demands a cordial and heartfelt recognition at our hands.

9. *Resolved*, That having the fullest confidence in the patriotism and ability of the national Democratic Convention to assemble at Charleston on the 23d of April next, we hereby pledge ourselves to give to the nominees of that Convention a zealous and unwavering support.

10. *Resolved*, That James Buchanan, President of the United States, deserves the thanks of the South and of the whole country for the broad constitutional policy which has characterized the course of his administration.

11. *Resolved*, That we are opposed to disturbing any of the sectional compromises of our Constitution, State or National, and that we especially deprecate the introduction at this time by the Opposition party of North-Carolina into our State politics of a question of constitutional amendment affecting the basis upon which our revenue is raised, believing it to be premature, impolitic, dangerous and unjust; at the same time we deem it the duty of the Legislature when passing acts for the raising of revenue, so to adjust taxation as to bear as equally as practicable within the limits of the Constitution, upon the various interests and classes of property in all sections of the State.

12. *Resolved*, That we are anxious to see the different sections of the State fostered and developed, and to that end believe that such aid should be given towards the forwarding to completion of the works of internal improvement already begun, and the construction of such others as may be deemed expedient, as the credit of the State and the means of her citizens may permit, without injuriously affecting the one or imposing too onerous burdens on the other.

Mr. Cantwell moved to receive and adopt the resolutions reported unanimously.

Mr. Bledsoe moved a division of the question, so as to vote for the eleventh one separately from the others. He said that from principle and policy he was opposed to that resolution—that he would defend and endorse the platform of the party, but could not vote against *ad valorem*

Mr. Williams, of Caswell, said that these were his views, but that he would vote for the platform with a "mental reservation" in regard to eleventh resolution.

The resolutions then passed unanimously.

Mr. Avery introduced a resolution endorsing and recommending the renomination of Gov. John W. Ellis as follows, which was unanimously adopted:

Resolved, That the course of Gov. Ellis has been such as to confirm and increase the confidence reposed in him, to reflect honor upon himself, and to promote the best interests of the entire State; and that with the fullest confidence in his triumphant re-election, we again present to the people of North Carolina, as the Democratic candidate for Governor, JOHN W. ELLIS, of Rowan, a gentleman and a patriot, a statesman fully tried and never found watning.

The adoption of the resolution was received with cheers and applause.

On motion of Mr. W. R. Cox, of Wake, a committee of five was appointed by the chair consisting of the following gentlemen to inform Gov. Ellis of his renomination, and ask his presence in the meeting of the Convention at night: Hon. W. W. Avery, Hon. W. S Ashe, N. N. Fleming, M. S. Stokes, J. R. McLean.

Mr. Avery moved that a committee of eight, one from each Congressional District, be appointed as an exeective committee, and four as a central committee. Carried.

Mr. Cantwell moved to adjourn until 7 o'clock P M., which was withdrawn for the time on suggestion.

Mr. Thomas, of Jackson, rose to express his intention to support the platform and the candidate for Governor with all his ability.

Mr. Cantwell moved that the Secretaries be directed to furnish the Proceedings of the Convention to the Democratic Presses of the City, and that the Democratic papers of State be requested to copy them Carried.

On motion of W. L. Steele, of Richmond, the following gentlemen were appointed delegates to the National Democratic Convention at Charleston: W. W. Holden, Wake; Hon. Bedford Brown, Caswell; Hon W. S. Ashe, New Hanover; Hon. W. W. Avery, Burke

On motion of Mr. Cantwell, Messrs. Geo. S. Stevenson, Craven; W. N. Edwards, Warren; W. T Dortch, Wayne; and Walter L. Steele, Richmond, were appointed alternate delegates.

On motion of Mr. Samuel P. Hill, Hon A. M. Scales, of Rockingham, and E. G Haywood, of Wake, were appointed Electors for the State at large.

Mr. Cantwell then renewed his motion, and the Convention adjourned accordingly.

FRIDAY EVENING, 7 O'CLOCK.

The Convention met agreeable to the order at adjournment.

The Chair announced as sub-electors for the State at large, Messrs. T. L. Hargrove, Granville; A A. McKoy, Sampson; N N. Fleming, Rowan, and David Coleman, Buncombe.

Gov. Ellis then appearing on the floor of the Convention, he was received with deafening applause, and conducted to the secretaries desk, where he delivered an address; which we have before given.

After the Governor closed, the Hon. John Kerr was loudly called for, said he felt somewhat embarrased in addressing the members of the Convention, as they were undoubtley wearied after the ardous labors of the day. (Glancing at the galleries which were crowded with the gentle sex.) he remarked that he was desperately in love with all the ladies. (Loud laughter) He complimented Gov Ellis on the statesmanlike and patrotic speech which had just fallen from his lips—he had prepared an argument on some of the questions of the day, but the Governor had stolen his thunder, forestalled his literary and political market He said he had belonged to the Whig party, had acted under its flag under the influence of honest convictions, but he left it, believing the Democratic party to be the only national, conservative party in the Union; he had abused it, and in turn had been abused; he therefore considered the account balanced.

Mr. Kerr then proceeded to speak of the opposition of the black Republican party; said that Northern pulpits were entered Sabbath after Sabbath by ministers for the ostensible purpose of preaching sermons, when in fact they delivered political anti-slavery harangues; he felt sure of the success of the Democratic party, though he did not believe them infallible or divine, as did Andrew Johnson, of Tennessee: he hoped that fraternal union would characterize them in their efforts to preserve the Constitution inviolate. His remarks were attentively listened to, and frequently interrupted by shouts of applause.

Hon. A. M. Scales was next called for, who in a very eloquent speech endorsed and pledged his support to the platform and nominee of the Convention; said he was in favor of independence in the Union, or independnce out of it; his speech was received by the assemblage with evident satisfaction and vehemently applauded.

Mr. Steele being called, said that the arduous duties when he had performed during the day had unfitted him for speaking; he however, made a very impressive and eloquent address; he said that the idea that a Whig or Oppositionist could be elected as President was simply ridiculous. (Applause)

Mr. Avery next addressed the Convention; he said that the Democratic party of State adopting the Platform presented by the Convention, would without doubt, trumph.

On motion of Mr. Avery, that part of the resolutions introduced this morning in regard to the Central Committee, was reconsidered and stricken out

Messrs. Holden, Hill, Haywood and Saunders, were then loudly called for. No response being made to the call.

On motion of Hon. S. P. Hill, the thanks of the Convention were tendered to the Chairman and Secretaries for the ability and zeal with which they had discharged the duties assigned them.

Mr. Bullock, of Granville, moved that the Convention adjourn sine die.

Pending this motion, the President addressed the Convention predicting the ultimate entire triumph of the conservative principles of the Democratic party. Thanking them for the decorum they had preserved he then declared the Convention adjourned sine die.

THE APPEAL OF THE FREE NEGROES OF ARKANSAS—THEIR RETURN TO "SLAVERY."

EXECUTIVE OFFICE, Jackson, Miss., Feburary 28th, 1860.

To the Editors of the Day-Book:—

I wish to acknowledge, through the columns of your paper, the receipt at this office of An Appeal to Christians throughout the World," signed by some dozen free negroes, who were compelled by the laws of Arkansas either to be sold into slavery or leave that State. They chose the latter alternative, and sought the evils of northern free negro freedom, from which they afterwards sought relief, by publishing this melancholy and pathetic appeal to the Christian World. It will be seen from the annexed communication, that a majority of them have found relief, by returning to the land of their "exile," and seeking shelter beneath the roof of their "oppressors." (?)

They have returned to "the houses of our (their) childhood, the scenes of our (their) youth, and the burial places of our (their) friends;" to "a land of bibles and churches, of baptisms and prayers;" where they "found kind hearts;" where "hospitality opened her doors;" and where "generous hands reached out a warm and hearty welcome." They have found "an abiding place for the soles of our (their) weary feet," * * * "beneath the wing of the American Eagle, and in the shadow of the American Church," upon the soil of Arkansas, at the houses of their masters, who will provide for their welfare; feed, clothe and protect them so long as they may live.

Their Abolition enemies may cease the circulation of their "Appeal to Christians throughout the world." "Poverty, trails and all the cares incident to a life of freedom," were too cruel—too oppressive—too unchristian for them to endure. Hence their return to voluntary servitude. The world need exercise itself no longer about these negroes. They are at home—happy and contented.

If there are other free negroes in the North, who feel that they will be compelled to make an appeal to the charity of a Christian world for support, let me tell them that the people of Mississippi are more than willing to receive and place them where they will be fed, clothed and protected in "a genial climate of sunny, skies." But, upon this condition only, that they renounce their degraded northern freedom, and elevate themselves into southern slavery.

It were better for mankind, for humanity, for christianity, for the advancement of civilization, and ten thousand times better for the African race, if all the free negroes of this country, and the wild Congos of African could emerge from their present unnatural condition, and rise to that high estate of slavery wherein the God of destiny placed them, and where alone they can enjoy life, and indulge in the luxuries of a bountiful Providence.

J. C. CAMPBELL.
Private Secretary.

Late News.

CONGRESS.

WASHINGTON CITY, March 13th, 1860.

The Senate was yesterday occupied with the case of Thaddeus Hyatt, for contempt to the investigating committee of the Senate on the Harper's Ferry affair. The Senate committed him to the common jail of the District of Columbia by a vote of 44 to 10.

The House passed the Homestead bill by a vote of 115 for, to 66 against it.

THREE DAYS LATER FROM EUROPE.

ARRIVAL OF THE AMERICA.

THE ENGLISH BUDGET—LORD ELGIN'S CHINA MISSION—THE BRITISH FLEET IN THE MEDITERRANEAN—THE ITALIAN QUESTION—THE MOROCCO WAR—THE ATLANTIC TELEGRAPH—COMMERICAL, ETC'

Halifax, Mar. 12.—The steamship America arrived early this morning, from Liverpool on the 25th, bringing telegraphic dates to the 26th, via Queenstown.

The resolution in the English House of Commons, in opposition to the Budget, was rejected by a large majority,

Arrangements had been completed for Lord Elgin's extraordinary mission to China.

The British Channel fleet has been ordered to the Mediterranean, in consequence of Spain having demanded a large cession of territory from Morocco as one condition of peace.

The Asia has arrived out.

Austria rejects England's proposition relative to the Italian question, but abides by the Villa Franca agreement She will not employ force at present, but reserves the right for the future.

Spain demands from Morocco large indemnity, and the possession of all the conquered country.

The Atlantic Telegraph Company propose to attempt restoring the old cable.

COMMERCIAL.

Liverpool, Feb. 26.—The cotton market for the week ruled quiet. Sales of 51,000 bales, including 2500 to speculators and 7,000 to exporters. Closed very dull with a slight decline on inferior, but finer qualities were firmer, in consequence of scarcity. Orleans fair 7⅞; middlings 6¾; Uplands fair 7 1-16; middling 6 7-18.

Saturday Evening.—The market closed quite. Flour dull and steady at 23s a 28, 6d. Wheat steady at 10s a 10, 6d. Corn quiet and easier not quotably lower, yellow 33s a 33, 6d. Beef steady; holders offered freely, but there was no disposition to press sales. Bacon firm. Lard firm and slightly higher. Sugar and coffee quiet. Rice and Rosin steady. Turpentine firm at 36s a 36, 9d. a-Closing active.

The money market closed easier. Bullion in the Bank of England increased £47,000 sterling. Consols on Saturday closed at 94⅝ a 95⅛.

[SECOND DESPATCH]

Halifax, March 12.—The American brings no list of the Hungarian's passengers.

Of the new capital of £600,000, for the Atlantic Telegraph Company, only £70,000 have been subscribed.

The morning Chronicle, (London) intimates that by the new treaty of alliance between Russia and Austria, the latter agrees to conform her policy to that of the former, in relation to the Danubian provinces and Servia; and that Russia guaranties to Austria all her territory, including Hungary and Venetia, against insurrection and foreign foes.

The Spanish squadron was about to shell the seaport towns of Morocco

The London Times, referring to the French commerical treaty, calls attention to the immense impetus which will thereby be imparted to the cotton trade.

A grand banquet was given at London on the 22nd, in honor of the memory of Washington.

A Paris correspondent of the *Times* countenances the rumors that Napoleon was endeavoring to conciliate the Pope and that arrangements likely to satisfy both parties had been proposed.

A Paris correspondent of the *Globe* says that chances of war are daily becoming stronger. Austria is accumulating forces on the Mincia and on the north banks of the Po. Other continental correspondents write in similar terms.

SPECIAL MESSAGE OF GOV. LETCHER.

RICHMOND, VA., MARCH 13th, 1860.

Gov. Letcher on yesterday, sent a special message to the Legislature of Virginia, showing that the financial exigencies of the Commonwealth requires the further extension of the Session. The Legislature accordingly resolved to extend the Session to the second of April.

The appropriations of the present session are estimated to exceed five millions of dollars.

HORRIBLE AFFAIR.—A man in Syracuse N. Y., named Tinker, died on the 8th inst, from taking poison. He first poisoned his two children, aged about eight and six years, and having laid them out and folded their hands upon their breasts, he left them in an unoccupied room where some of his furniture was stored, and went to his hotel and took the poison himself. On Tuesday he poisoned a horse belonging to Dr. Searles, of that city, and it is supposed he intended to shoot Dr. Searles, as a loaded pistol was found on him. The cause was the estrangement of his wife and her intimancy with Dr. Searles, under the influence of free-love principles. Great excitement exists, and Dr. Searles has been locked up in the penitentiary to protect him from the indignation of the citizens.

THREE CHEERS FOR CHARLESTON!—The Rome Ga. Courier says:

We have received a letter from one of our merchants now in New York. He writes that he "stopped in Charleston and bought some goods. Found fine stocks, and thought them low enough. Some things were a little up but on trying Baltimore and Philadelphia have since ordered from Charleston." Such news as that is truly encouraging. This is but the beginning of the end. Let the South stand firm and the North tremble. After trade with our Southern markets is built up, and importing houses and agencies for foreign manufactured goods are established, the merchants who make the profits will invest their surplus capital in manufactories in the Southern States, and our Northern enemies left to reap the whirlwind. So we hope and believe.

THE SKY AN INDICATOR OF THE WEATHER.—The colors of the sky at particular times afford wonderfully good guidance. Not only does a rosy sun-set presage fair weather, but there are other tints which speak with equal clearness and accuracy. A bright yellow sky in the evening indicates wind; a pale yellow, wet; a neutral gray color constitues a favorable sign in the evening, an unfavorable one in the morning. The clouds again are full of meaning in themselves. If their forms are soft, undefined and feathery, the weather will be fine; if the edges are hard, sharp, definite, it will be foul. Generally speaking, any deep, unusual hues betoken wind or rain; while the more quiet and delicate tints bespeak fair weather. Simple as these maxims are, the British Board of Trade have thought fit to publish them for the use of seafaring men.

LOVE LABOR.—Few seem to labor for the pure love of it. Yet the necessities of it are not more apparent or positive than its benefits. Like every other divinely appointed institution, it secures the richest of blessings to him that goes forth to his work and unto his labor until evening. Every man and woman, and every child, so soon as he or she comes to a suitable age, should have regular and daily employment. The simplest and plainest articles of food and raiment have cost labor, and what right has any one to partake thereof unless he labor? Is it not a plain and positive declaration of the Bible: "If any man would not work neither should he eat."

RATHER COMPLIMENTARY.—We have a blind phrenologist in town, who is great on examining bumps. A wag or two got one of our distinguished judges, who thinks a good deal of himself, and has a very bald head which he generally covers with a wig, to go to his rooms the other day and have his head examed.—Wags and judge arrived.

"Mr. B.," says one, "we have now brought you for examination a head as is a head; we wish to test your science."

"Very well," said the phrenologist; "place the head under my hands."

"He wears a wig," says one.

"Can't examine with that on," replied Professor.

Wig was accordingly taken off, and bald head of highly expectant Judge was placed under manipulations of examiner.

"What's this? what's this?" said phrenologist; and pressing his hands on the top of the head, he said somewhat ruffled, "Gentlemen, God has visited me with an affliction. I have lost my eyesight, but I am not a fool; you can't pass this off on me for a head!"

OYSTERS.

Oysters! Oysters!!

FRESH NORFOLK AND SPICED.

AT THE

MAGNOLIA RESTAURANT.

THE SUBSCRIBER begs leave to announce to the Public that he is in receipt of his Oysters, and will continue to keep them during the Season.

He also informs them that they can be supplied with Meals at his Restaurant, from 6 o'clock in the morning until 12 o'clock at night, with the very best the market can afford. He deems it superfluous to say he will spare no pains in making his Restaurant what the imagination of his customers may desire—one of the most respectable, clean and comfortable Eating Saloons that can possibly be put up any where.

☞ Families can be supplied with Oysters by the plate, quart or gallon.

TO TOURISTS & MERCHANTS VISITING NEW YORK.

THE INTERNATIONAL HOTEL,

365 & 367 BROADWAY,
CORNER OF FRANKLIN STREET,
NEW YORK.

Possesses advantages which all travelers appreciate. Its location cannot be surpassed, being convenient to the principal places of business and amusement. The apartments, of which there are two hundred, are well furnished and well ventilated; and being conducted upon the European plan, visitors can live in the best style with the gratest economy. A large parlor, fronting on Broadway, and commanding an extensive view of that world-renowned thoroughfare, has been beautifully furnished for the use of ladies, and the general arrangements of the House are such as to afford the greatest comfort to guests.

THE INTERNATIONAL HOTEL is connected with **TAYLOR'S CELEBRATED SALOONS,** accomodating over one thousand persons, in which visitors can have their meals, or, if they desire, they will be served in their own apartments. The fare served in the Saloons and Hotel is acknowledged by epicures, to be superior to that of any hotel in the city.

HOLLOWAY'S PILLS.

THE EXCITING CAUSE OF SICKNESS

The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The Stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILLIOUS AFFECTIONS.

The quantity and quality of the bile are of vite importance to health. Upon the liver, the gland which secretes the fluid, these Pills operate specifically, infallibly rectifying its irregularities and effectually curing Jaundice, Billious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousand die annually of Dysentery, Diarrhœa, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pill upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A WORD TO FEMALES.

The local debility and irregularities which these especial annoyances of the weaker sex, and which when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma, Diarrhœa, Indigestion, Stone and Gravel, Bowel Complaints, Dropsy, Influenza, Secondary Symptoms, Coughs, Debility, Inflamation, Colds, Fever and Ague, Inward Weakness, Venereal Affections, Chest Diseases, Female Complaints, Liver Complaints, Costiveness, Lowness of Spirits, Worms of all kins, Dyspepsia, Headache, Piles

☞CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernable as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same knowing them to be spurious.

*,*Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines throughout the United States and the civilized world, in boxes at 25 cents, 62½ cents and $1 each. There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every Disorder affixed to each box.

MEDICAL.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

CONSUMPTION AND ASTHMA CURED.

DR. H. JAMES, discovered, while in the East Indies, a certain cure for Consumption, Asthma, Bronchetis, Coughs, Colds, and General Debility. The remedy was discovered by him when his only child, a daughter was given up to die. His child was cured, and is alive and well. Desirous of benefitting his fellow mortals, he will send to those who wish it, the receipt containing full directions for making and successfully using this remedy, free, on receipt of their names with stamp for return postage. There is not a single symptom of consumption that it does not at once take hold of and dissipate. Night sweats, peevishness, irritation of the nerves, failure of memory difficult expectoration sharp pains in the lungs, sore throat, chilly sensations, nause at the stomach inaction of the bowels, wasting away of the muscles. Address, O. P. BROWN & Co. 32 and 34 JOHN STREET. New York.

MOTHERS

☞In presenting you with DR. FATON'S INFANTILE COR L we desire to state its superiority over every nostrum tha s or quack has heretofore offered you

First It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them. Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child instead of deadening its sensibilities Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being dug from the forests under the direction of Dr. Faton, many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation viz:

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY COLIC, &c, also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it cost so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising: for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which Dr Bronson was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, cough, Cold, Head-ache, Palpitation of the Heart Loss of of appetite or pain in the side, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from Nervous Debility, or your sleep is broken and disturbed, if your Spirits are Depressed or your Organs relaxed, you will find in this an unfailing remedy, by commencing with ten drops. If your Liver is torpid or diseased in any manner whatever one or two bottles will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of Dyspepsia, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking only one bottle. In Male or Female complaints and Weakness the sufferer, after trying other remedies in vain, may rest assured that a certain cure will result from the use of two or three bottles. The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum Scrofulas and other like complaints. Pale and emaciated children and adults are immediately benefitted by its use; it gives strength to the body and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.
